

Laurel Coffee Table

Laurel coffee table is composed of two pure geometric shapes, cone and cylinder, intersecting to create two wide and functional surfaces, distributed at different levels. In keeping with the other elements of the collection, the ratio of the materials used is 50/50, in this case painted and hand-polished hdf for the cone, that appears to balance weightlessly upon the cylindrical marble base. Designed by Luca Nichetto and manufactured by De La Espada for the Nichetto brand.
